

# POWER PLANT SERVICE, INC.

2500 W. Jefferson Blvd.  
Fort Wayne, IN 46802-4641

Since

1911

ph. 260-432-6716  
fax 260-436-3340

**EMERGENCY SERVICE - 24 HOURS A DAY - 365 DAYS A YEAR**

## SERVICES

|  |   |
|--|---|
| <b>BOILER</b>  | Complete boiler repairing; Certified welding (National Board "R" Stamp, ASME Code Stamps U, S, & H); Retubing; Turbining and Cleaning (acid and soot removal).  |
| <b>BURNER</b>  | Complete servicing; Tune-Ups; Replacement; Combustion Analysis; Control Systems. All makes, models and fuel capabilities.   |
| <b>REFRATORIES</b>   | Complete installation and repair (boilers, furnaces, & ovens). Abrasion and heat resistant linings. Cement tank linings.  |
| <b>HVAC</b>  | Service & Repair of industrial and commercial HVAC systems.   |
| <b>RIGGING</b>   | Complete installation of piping, stacks, equipment, and structural stands.  |
| <b>FURNACES &amp; OVENS</b>                                | Complete service for all high temperature industrial furnace needs including burners, controls, refractories, and steel work.   |
| <b>HEAT EXCHANGERS</b>                                     | All types and makes. Acid cleaning, testing, repairing, retubing, and rebuilding. In our shop or in the field. ASME Code pressure vessels.  |
| <b>ELECTRONIC<br/>BALANCING<br/>CUSTOM<br/>FABRICATION</b> | Balancing Service. Predictive maintenance program. Repair and rebuild service for fans, pumps, blowers, and most rotational equipment.<br><br>Complete fabrication shop capable of manufacturing custom industrial equipment and short run production parts to your specifications. Rolling, bending, cutting, and welding. |

## PRODUCTS

|   |  |
|---|--|
| <b>AESYS TECHNOLOGIES</b><br>(York-Shipley / Donlee Tech) | Scotch Marine boilers 25 - 1200 HP, Turbo-Fire XL watertube/firetube 1000-3000 HP, VTB 7-30 HP, heat recovery boilers, feedwater and deaerator systems, blowdown separators. |
| <b>COLUMBIA BOILER</b>                                    | VTB package boilers 6-50 HP, other packaged boilers from 100,000 btu/hr to 100 HP, tankless hot water systems to 41 gpm, feedwater sets, and blowdown separators.            |
| <b>INDUSTRIAL COMBUSTION</b>                              | Burners from 300,000 btu/hr to 42,000,000 btu/hr input ratings. Lo-NOX burners.  |
| <b>CANNON BOILER WORKS</b>                                | Economizers, feedwater preheaters, heat recovery boilers, and vent condensers.   |
| <b>FIREYE</b>   | Flame Monitor microprocessor control systems and flame safeguard controls.   |
| <b>ASCO/GENERAL</b>                                       | Hydramotor and solenoid valves for gas and oil. Red-Hat combustion valves.   |
| <b>HONEYWELL</b>  | Programmable controls, pressure controls & switches, modutrol motors, and gas valves.  |
| <b>McDONNELL &amp; MILLER</b>                             | Water level controls, flow switches, and boiler controls.  |
| <b>NATIONAL REFRACTORIES</b>                              | Castables, ramming & gunning mixes, graphitics, brick, mortars, and insulating refractories.   |
| <b>UNIFRAX</b><br>(Carborundum)                           | Ceramic fiber blankets, modules, boards, papers, textiles, coatings & mixes, fire-stop protection  |
| <b>ZETEX</b>  | Non-asbestos ropes, tapes, tadpole, sleeving, cloth. Safety hi-temp garments and accessories.  |
| <b>TOPOG-E</b>  | Molded rubber manway and handhole gaskets.   |

**ARMSTRONG** - Steam traps, regulators, and specialties.  
**AURORA** - Feedwater pumps.  
**CONBRACO** - Gauge glass sets, relief valves.  
**EQUIMETER** (formerly Rockwell) - gas regulators & meters  
**EVERLASTING** - Boiler blowdown valves  
**FUEL EFFICIENCY** - Brock Turbulators, soot-blowers.  
**GRUNDFOS** - Feedwater pumps.  
**ITT HOFFMAN / BELL & GOSSETT / DOMESTIC**

**KUNKLE** - Safety relief valves.  
**MAXITROL** Gas pressure regulators.  
**MAXON** - Burners and combustion valves.  
**MIDCO** - Burners.  
**NORTH AMERICAN** - Burners, gas valves, gas regulators.  
**SCHAEFER** - Boiler flue and condenser tube brushes.  
**YARWAY** - Boiler blowdown valves.  
**PLUS MANY OTHER STEAM SPECIALTIES**
